SCC 100 43917 22720 4

PRODUCT SPECIFICATIONS

UNIT WEIGHT: 8 FL OZ

UNIT LENGTH: 6"

PRODUCT OVERVIEW

Clini-Clip is a medical-grade disinfectant that is certified by the Environmental Protection Agency to provide safe disinfection for all hair professional tools.

It disinfects tools 5 times more quickly than the leading disinfectant which allows a hair care professional to increase the number of customers per day.

An 8 oz bottle of Clini-Clip provides the same amount of "disinfecting events" as the leading 15.5 oz competitor saving money and space at the work station.

Clini-Clip has demonstrated effectiveness against viruses similar to SARS-CoV-2/ COVID-19 on hard, nonporous surfaces. Therefore, Clini-Clip can be used against SARS-CoV-2/COVID-19 when used in accordance with the directions for use against [Rotavirus; Rhinovirus Type 14 - Clini-Clip] on hard, non-porous surfaces. Refer to the CDC website for additional information.

As with all disinfectants, clipper oil should be used after disinfection.
